

CITIZENS COUNCIL ON ILLEGAL IMMIGRATION

PURPOSE

CCII's purpose is to develop and apply local solutions to problems caused by illegal immigration and to support regional, state and national efforts to eliminate illegal immigration.

GOALS

Work with appropriate officials to develop patriotic immigration policies which honor federal, state and local laws. Document problems caused by illegal immigration in our community. Educate ourselves and other citizens with regard to causes, effects and consequences of illegal immigration. Work with citizens, organizations, public officials and others in reducing illegal immigration to our community.

STRATEGIES

CCII desires to be part of the solution, not the problem. Through citizen Committees, discover, document and address community problems arising from illegal immigration. Work with local officials, media and others in bringing attention to illegal immigration issues. Propose solutions that can be implemented by the community and public officials.

IMPLEMENTATION

Committees are established to address various aspects of illegal immigration issues. Current primary Committees are: Law Enforcement, Health, Employment and Education. Support secondary Committees are: Media, Community Relations and American Culture.

FEEDBACK

Results of efforts initiated by CCII will be disseminated through appropriate media.
